A LOOK BACK

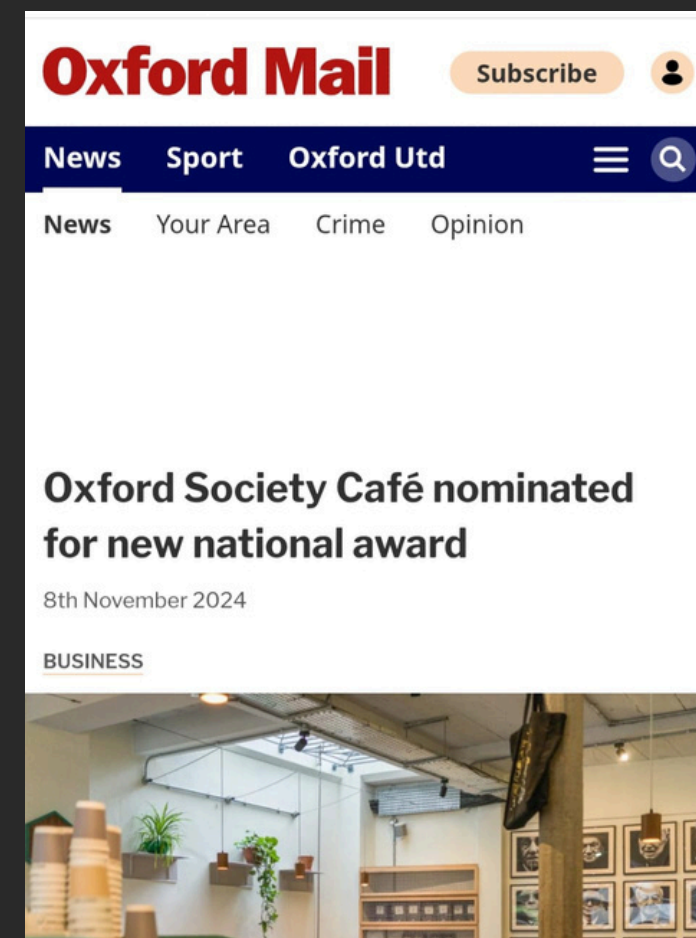

The first ever British QSR Franchise Awards took place at the Belfry, Birmingham on the 20th of January, 2025.

It was a night of celebration and inspiration. This ground breaking event shone a spotlight on British-grown QSR brands that have made their mark across the country, showcasing the incredible entrepreneurial spirit that defines the UK's homegrown franchise industry. It was an evening dedicated not only to the global giants, but more so to the rising stars—innovative young entrepreneurs who turned their visions into thriving brands, proving that success by expanding these brands themselves as well as franchising. The atmosphere was electric as we celebrated their achievements and the vibrant future of British QSRs.
